# LOW-RISK LANDLORDING

The low-risk, low-hassle real estate investing solution

## FINDING THE PROPERTY

Our team finds a property that will make a successful rental. We look at all the financials to make sure it is a solid investment. We also pay for an appraisal and an inspection to avoid any uncertainties.

## GETTING PRE-APPROVED

We work with you to get pre-approved at a financial institution so that you are ready to purchase a home.

## PURCHASING THE PROPERTY

Once we have found a property that meets your needs, we facilitate the purchase. You can now sit-back and let us take care of your investment. We will ensure the proper management of all aspects of your rental.

## LOW-RISK, LOW HASSLE

As long as we manage your property, we guarantee the rental payment every month for 1 year. After five years, we offer to purchase the property back from you. There is no term and no contract, if this isn't for you, you can sell the property at anytime!
